The Next Generation Is Now!

AutoProPAD G2 Turbo

America's leading key and remote programmer is back, and better than ever!
The AutoProPAD G2 Turbo is the most technologically advanced member of the AutoProPAD family. It combines the very best of automotive key programming and diagnostic technologies, in a completely redesigned package.

The AutoProPAD G2 Turbo is the machine of the future, and it's here now!

The AutoProPAD G2 Turbo includes a brand-new precoding device that provides transponder and out-of-circuit SOIC programming functions. The G2 Turbo and its precoder work in harmony, to provide EEPROM capabilities for the likes of BMW, Mercedes, and more!

Simpler, faster, easier to use, and customizable!

Completely redesigned tablet and user interface

26% larger than the AutoProPAD Full!

10.1" sunlight adaptive, high-definition touchscreen

Over 3x more power than before!

13,000 mAh lithium polymer battery

60% increase in processing power!

Quad-core ARM Cortex-A17 1.8GHz processor

4x more data storage and RAM!

64GB SSD (data storage) & 4GB RAM (data buffering)

Designed with the future in mind

Upgraded hardware, to keep pace with the automotive industry's emerging security technologies.

Rapidly program or diagnose **most** makes and models you will ever service!

AutoProPAD G2 & G2 Turbo

THESE ARE THE SPECS YOU'RE LOOKING FOR

FEATURES & FUNCTIONS

	BASIC	G2	G2 TURBO
			VCI+
	P/N #20400750	P/N #20401453	P/N #20401454
CPU	Quad-Core 1.60 GHz Processor	Quad-core ARM Cortex-A17 1.8GHz processor	Quad-core ARM Cortex-A17 1.8GHz processor
Screen	7-inch capacitive touchscreen	8-inch sunlight adaptive touchscreen 1024 x 768 DPI resolution	10.1-inch sunlight adaptive touchscreen 1280 x 800 DPI resolution
Memory	2GB RAM/32GB Flash	64GB SSD/2GB RAM	64GB SSD/4GB RAM
Battery	4,000 mAh Lithium-Polymer	10,000 mAh Lithium-Polymer	13,000 mAh Lithium-Polymer
Warranty	1 full year parts & labor US-based service center	1 full year parts & labor US-based service center	1 full year parts & labor US-based service center
Technical Support	US-based, live technical support from actual locksmiths (requires active subscription)	US-based, live techincal support from actual locksmiths (requires active subscription)	US-based, live techincal support from actual locksmiths (requires active subscription)
Vehicle Interface	**Wired**	**Wired** Improved main data cable	**Wireless** DB15, Bluetooth VCI+, CAT6 VCI bypass (for high-speed data reads & writes)
Construction	Plastic housing	Shockproof, aluminum case for ultimate impact resistance	Shockproof, aluminum case for ultimate impact resistance
Product Storage	Ruggedized cardboard box	Ruggedized cardboard box with protective drawstring pouch	Molded plastic carrying case
User Interface	Standard	Brand new, completely redesigned	Brand new, completely redesigned
EEPROM	N/A	**Basic** (SOIC8/DIP8, no Euro)	**Comprehensive** MBZ 3rd generation IMMO add key & all-keys-lost, MBZ FEM/BDC key learning, MQB key programming, BMW EWS2, EWS3, EWS4 key programming, Land Rover 2015 and newer, bypass 16-minute wait for Toyota/Lexus/Scion all-keys-lost & more
Subscription	1 year of updates & support included	1 year of updates & support included. Subscription countdown on home screen	1 year of updates & support included. Subscription countdown on home screen
Supported Vehicle Listing	**External** available at autopropad.com	**Integrated** (requires Internet)	**Integrated** (requires Internet)
Diagnostic Software	Basic global diagnostics	Bidirectional scan tool with OEM capabilities & basic diagnostic software	Bidirectional scan tool with OEM capabilities & basic diagnostic software
VW, BMW, MBZ Module Coding & Programming	N/A	Compatible with KC501 (additional purchase)	ADVANCED European module coding and programming provided by the KC501, included.
Included Accessories	AutoProPAD BASIC Main Unit Main cable with OBD2 adapter, Power Adapter MicroUSB Cable, User Manual Certificate of Quality with Product Activation Info Packing List	Diagnostic Tablet, OBDII-16, USB 3.0 Cable, HD15 to DB15 Main Data Cable, Mini to Type-C & USB 3.0 Cable, OBDII Breakout Box with Cable, (8) Micro Grabbers, SOIC 8 pin Cable & Ribbon, 12V Battery to Cigarette Lighter Adapter Cable, 12V DC5521 to Cigarette Lighter Male Cable, 5250 SOIC8 Blue Clip, FC-1 Pin Cables, DIP8 White Clip, AC to DC Power Adapter, North American Power Cable, European Power Cable, KC100 Transponder Precoding Unit, Manufacturing Certificate, EEPROM Adapter, Packing List, Quick Start Guide, Protective Drawstring Pouch	APP G2 Turbo Key Programming and Vehicle Diagnostic Tablet, KC501 Transponder, Precoding Unit, Compliant VCI+ Bluetooth Module, OBDII Breakout Box w/ Cables, AC to DC Power Adapter, North American Power Cable, European Power Cable, 12V Battery Clamps to Cigarette Lighter (Female) Adapter, 12V DC5521 to Cigarette Lighter (Male) Cable, USB 3.0 to USB-B Data Cable, OBDII-16 Connector, DB15 Main Data Cable, NISSAN-14 OBD Dongle, BMW-20 OBD Dongle, KIA-20 OBD Dongle, FQFP64 Board, KIA/HYUNDAI-10 OBD Dongle, Infrared Collector, FQFP80 Board, FQFP112 Board, FQFP144 Board, FQFP176 Board, Connecting Bracket, IC Test Stand, IC Clip Cable, Self-Test Connector, 26-Pin Ribbon Cable, Dupont Cable, XTA001 Cable, XTA002 Cable, XTA003 Cable, DB9 To USB3.0 Cable, OBDII to DB15 & RJ45, USB 3.0 Data Cable, Manufacturing Certificate, Quick Start Guide, Protective Hardshell Storage Case
